

ALLT STUDIO

To find your ring size, use an existing ring that fits you well. Match the inside of that ring with one of the circles below. When your ring has been placed on the right size, you should see only the white circle—with no outline—inside your ring. If your ideal fit falls between two sizes, we recommend choosing the larger size.

If you don't have a ring handy, you can cut out this ruler and carefully cut the line to create a slit. Wrap the ruler around your finger at the base and pull the tapered end through the slit.

To make sure the ring will fit comfortably, we suggest also measuring your knuckle.

Select a size that goes on and off your finger easily.
